

# Conclusions of the Meeting

Wolfgang Lohmann,  
DESY

# Forward Region Instrumentation

## Topics for the near future:

- Complete the publication of FCAL R&D status before LoI
- Improve simulation studies for detector optimisation, emphasis to external and insitu calibration and alignment
- Sensor tests
  - Si: completion during summer, set common standard
  - Diamond, GaAs continuation of the ongoing program
- Prototype test of Pair Monitor sensors
- System test
  - Target will be a beam-test spring 2010 with 32 channels instrumented

1. Next FCAL Meeting: 21-22 Octobre @CERN (just after EUDET)

Report to the PRC at DESY

Written Report: to be submitted beginning of Octobre

- Editor for the written report needed

Talk (open) November 8/9,

- Hardware experienced physicist

2. Linear Collider Workshop of the Americas (September 29 to October 3, Albuquerque, New Mexico)

- FCAL report, proposed speaker: Ivanka

3. 2009 IEEE Nuclear Science Symposium, Orlando, Florida  
25-31 October 2009)

- Sergey submitted an abstract, may be others??

EUDET will finish end of 2010. An application will be prepared in autumn, preliminary version very likely for the EUDET meeting at CERN

## Other activities:

- CMS- continue participation in BCM and sLHC upgrade
- FLASH beam monitor
- sBelle- Sensors

## administration

- MoU - do we need?

**Thank you, Martina!**
